

UGM Establishes Collaboration with Architect Association

Thursday, 08 June 2017 WIB, By: Marwati

UGM collaborates with Indonesian Architect Association (IAI) which is put into writings in an agreement signed between Rector of UGM, Prof. Ir. Panut Mulyono, M.Eng., D.Eng., and Chairman of the Association, Ahmad Djuhara.

UGM also collaborates with PT. Central Proteina Prima Tbk, Epione Research and Development Institute Ltd, Universitas Budi Luhur, as well as the local government of Meranti islands. The agreement signing was done at the Senate Hall UGM on Thursday (8/6).

Present in the event were Director of PT. Central Proteina Prima Tbk, Irwan Tirtariyadi, Director of Epione Research and Development Institute Ltd, Sandro Saade, Rector of Universitas Budi Luhur, Prof. Ir. Didik Sulistyanto, and Regent of Meranti islands, Irwan Nasir.

In his remarks, Director of PT. Central Proteina Prima Tbk, Irwan Tirtariyadi, welcomed the cooperation with UGM as it was going along the lines of the company that prioritises research and technology.

Similarly, representative from IAI Yogyakarta, Ahmad Saifudin, hoped that the cooperation with UGM would give benefits, including in their effort to fight for the Architect Law.

Rector of Universitas Budi Luhur, Prof. Ir. Didik Sulistyanto, added his party had started cooperation with UGM for doctoral studies for lecturers of Faculty of Maths and Natural Sciences. As many as 12 lecturers from Budi Luhur are taking doctoral degree at UGM.

Rector of UGM, Prof. Ir. Panut Mulyono, M.Eng., D.Eng., hoped the agreement to be put into real work that it can impact positively to the state advancement. Panut was convinced that good collaboration with industry, professional association, or regional governments would benefit the wider public extensively.

“Let’s start and make real projects that can benefit the advancement of the nation,” said Panut.
