"The archival institution chosen as the best is not allowed to participate in the following year.

Further, Machmoed Effendi explained that UGM Archive is now the member of the International Council Archives (ICA) on the Institutional Research University Archives section with membership number C-2388/2010-ICA, making UGM Archives the only university archival institution in Indonesia and third in ASEAN. "By becoming an ICA member, UGM researchers who want to get data from archival institutions that are members of ICA no longer have to come to those archival institutions.
