

UGM Winner of Cisco Netriders Indonesia

Thursday, 04 July 2013 WIB, By: Marwati

An UGM team has won *the Cisco Netriders Indonesia 2013* after they failed to maintain the title last year. The team consists of Syukron Abu Ishaq Alfarozi (Information Technology 2010) and Danni Novandri (Information Technology 2010) with supervisor Warsun Najib, S.T., M.Sc.. The team won the championship as *Indonesia NetRiders 2013 2nd Runner*.

Danni said the national final was held in Prof. H. Soedarto, SH, building in UNDIP Tembalang, Semarang, from 20 - 22 June 2013. Cisco Netriders is a global event run by Cisco, followed by dozens of countries.

“The competition is testing the IT Networking skills,” said Danni on Wednesday (3/7).

The competition ran in two stages where in the first stage, participants have to answer the theory of network configuration making. In the second stage, they were tested on technical skills based on network topology.

The results were announced at the end of the event with the following names: *Indonesia NetRiders 2013 Champion*: Lukas Budiman & Jesse Christian (BINUS), 1st Runner Up: Arvandy & Andrea Dika Pradana (Politeknik Caltex Riau) and 2nd Runner Up: Syukron Abu Ishaq Alfarozi & Danni Novandri Setiawan (Engineering Faculty UGM)
